hi

i remember sabi ng school base leader namin, kung gusto naming marami ang mag attend ng camp at maging marami ang members dito sa school, 2 words kailangang memorize: awareness and curiosity.

sabi nya, yung mga student maging aware na merong YFC sa school at curious, ano ba itong YFC.

timely din meron program sa school, about Career Guidance. So we contact the Guidance Councilor ng school. We help sa program, naging faciitator.

During the program, they mention YFC..... indirect campaign for the camp.

God Bless sa camp nyo. ;)

uhmm, actually , based on my experience, almost of my classmates and schoolmates in high school are my acquaintances.. hehe..) .. we had our weekly prayer meeting on the gym and everyone could notice that including teachers.. even the teacher's child/children , they send them in the camp.. well, that's because somehow, there's a established YFC within our campus with 5000 students...Do classroom to classroom invitation and give parent's invitation for those interested.. hehe and... Pray before acting
