i do agree.

i use the YFC Badge doon makikita sa YFC Profile ko, i copy and paste it to myspace/friendster About Me, or by just adding a text like Visit my YFC Profile <http://yfconline.net/theta/> you too can do that just replace [http://yfconline.net/your\\_username/](http://yfconline.net/your_username/)

I think this is a great help spread the love. B)
